

Quality Learning Environment

Colo Heights Public School offers a quality learning environment for all of our students.

Our students develop skills to enable them to participate effectively in their community and wider society.

At Colo Heights Public School parents, students and staff work together to develop these skills in a supportive and caring environment.

The students at Colo Heights Public School have access to safe and convenient transport to and from school.

Bus services are provided through Lovering Bus Company.

One bus runs from Putty, along Singleton Rd to the school. A second bus runs from the Colo River along Singleton Rd to the school. These buses pick up students on the way.

In the afternoon these bus services run in the reverse directions.
