HANDY HINTS FOR IMPROVING LEARNING

No 2 Organising a Learning Space For Your Child.
As your child grows and develops, there will need to be somewhere set up for them to study and do projects. Some kids just can't get themselves organised and may need a parent to take care of the practical aspects of setting up a home study area. The parent may also need to be responsible for keeping it neat. It's ok for parents to assist by thinking of ways to better organise notes as well.
